Special Dye

At Westex we are proud of our extensive colourbank which we consider to be second to none. However, we are aware that there will always be occasions where you want a particular or exact colour that is not within the standard colourbank.

Westex is able to match to any colour which you require because we have our own dye house and control the whole process.

Special dyes must meet your approval before full production is started.

The minimum order quantity is 80sq.m.
